

# STRAP TAG GREY

SECURITYTAGS.COM  
IN EO

**Security:** High  
**Detection Range:** Standard

One of the most versatile security tags available that protects hard to secure merchandise. The strap tag has an adjustable 6.3" steel reinforced adjustable strap that is easy to apply to merchandise and fast to remove at the point-of-sale.

One piece design

RF – Checkpoint & other RF systems compatible

AM – Sensormatic & other AM systems compatible

## FEATURES:

**Size:** 6.3" long adjustable strap

**Frequency:** AM 58 kHz and RF 8.2 MHz

**Color:** Light Grey

**Lock:** Superlock\*. Superlock tags are not opened by old low power magnetic detachers. Most security tags today are Superlock compatible and require a more powerful magnet to release the pin. If you are unsure if your existing detachers will open this tag, give us a call or email us a photo of your existing detacher and tags. Our Universal Superlock Detacher will open all our Superlock tags and your existing magnetic tags.

## Benefits

The strap tag has adjustable strap allows attachment to a range of high theft merchandise normal pin based tags are not able to. The ratchet mechanism is released by a strong magnetic Superlock\* Detacher.

This tag is suitable for:

- Handbags
- Luggage
- Brief Cases
- Sporting Goods
- Hardware
- Apparel
- Electronics
- Power Tools
