

APX LABELS AM 58 KHZ

Suited to Sensormatic and other AM EAS systems, Sensormatic security labels offer a premium label alternative courtesy of a robust and tamper-resistant design

Security: High
Detection Range: Standard

The APX AM label features exceptional sensitivity, detection and range, along with consistent deactivation at the Point of Sale.

With a small footprint, Sensormatic APX AM labels are suited to packaging products containing liquids, including pharmaceuticals, cosmetics, perfumes, packaged foods, DIY, liquor, and more.

The box contains 5,000 labels.
