

SHELL INK TAG - AM/RF

SECURITYTAGS.COM
INEO

All the benefits of a Shell Tag with added embedded benefit denial ink ampoules for maximum deterrence and tamper resistance.

Security: Standard
Detection Range: Very High

No need to worry about ink damaging garments in day to day use as ink will only leak if considerable force is applied to open the tag without a detacher.

Smooth Pin

The pin is smooth and is less likely to damage threads like grooved pins do. No need to tag garments through seams. Faster application and removal. Attach tags in a visible position.

Lock

Superlock Detacher is a powerful magnetic detacher. If you are unsure if your existing detachers will open this tag, give us a call or email us.

Shell Design

With a smooth symmetrical shell design, the pin head matches the tag size and reduces tag attack and garment tearing by shoplifters.

Minimum Order QTY

100 Units

Includes Pin

Yes

Ink Feature

Yes

Pin Parking

No

RFID Ready

No

Size

Ø 2.09"
(Ø 53mm)
